

AS YOU EXPLORE THE IDEA OF SERVICE AS SEEING, PUSH YOUR GROUP TO EXPAND THEIR IDEAS OF "NEED" BEYOND PEOPLE IN CRISIS. HELP THEM THINK OF THE SMALL-SCALE NEEDS AROUND THEM AS WELL.

WHEN WE TALK ABOUT NEED, what images come to mind? What needs do we tend to ignore?

THINK ABOUT THE ASSUMPTIONS you mentioned on the previous pages. What have you seen or experienced that might challenge those assumptions about your community?

Invite people to share an experience when they've felt needed in some way. What helped them get through that time?

In groups of three or four, have participants share their responses to this question.
