

DAVID & GOLIATH

But David said to Saul, "Your servant used to keep sheep for his father; and whenever a lion or a bear came, and took a lamb from the flock, I went after it . . . The LORD, who saved me from the paw of the lion and from the paw of the bear, will save me from the hand of this Philistine."

And there came out from the camp of the Philistines a champion named Goliath, of Gath, whose height was six cubits and a span.
 1 Samuel 17:4

A cubit was a way to measure in Bible times. If Goliath was close to 10 feet tall (3 m), how long was 1 cubit?

Manute Bol (one of the tallest NBA players) was 7' 7" (2.31 m). He could reach up over 10' (3 m)!

Abraham Lincoln was 6' 4" (1.92 m).

Who is the tallest person you know? How tall do you think you will be?
