Flip the List

Instead of writing a list of things you want to receive, create a list of gifts you can give to others. Here's how:

1. Cut out one list design.
2. Think of someone you want to give a gift to and write their name in the "To:" line.
3. Write your name in the "From:" line.
4. Write things you would like to give to that person.
5. Put your list in an envelope and give the list to that person for Christmas. Knowing that you are thinking of them will bring them joy!
