

Good News!

Gabe's machine got pretty complicated. However, you don't need a giant machine—or a gruff-but-kind Romanian neighbor like Mr. Stanescu—to help you find evidence of the good news in the world. It's all around us! Good luck! Or as Mr. Stanescu would say, *Spor la treaba*!

Supplies

- Pen or pencil
- Scissors
- Tape

Instructions

Think about some of the good news you've heard recently. What's happening in your life that reminds you of the goodness and healing God brings to the world? On the newspaper on the next page, create some headlines, draw pictures, and write a short story! When you're done, cut it out and hang it somewhere in your house as a reminder of what God's doing in the world!
