

Baby Announcement Booklet

When Leo read the story of the angel Gabriel visiting Mary, he learned some new things about the story. On the next page, cut around the bold black line. Then go to <http://pocketmod.com/howto> and follow the instructions and diagram to see how to fold and cut the page into a mini Bible story booklet. Fold the pages so the booklet starts with page 1.

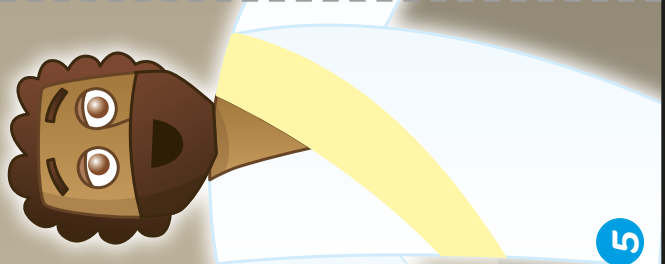

I'm so glad to have this handy pocket-sized reference so I can share the story of the angel visiting Mary to tell her she was going to give birth to God's son, Jesus!

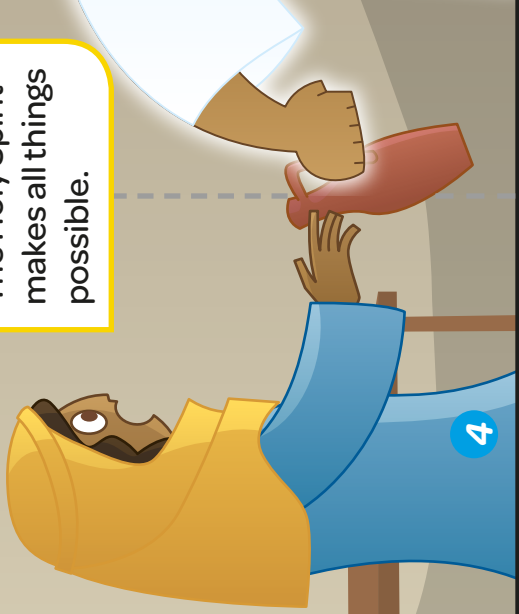

Here I am. I will love and care for God's Son.
