

## Start a New Tradition

Christmas is coming soon! Some adults (like Uncle Lenny in the video) will spend Christmas Day in a senior living facility. Call a facility in your area and ask if they will accept homemade cards for their residents who celebrate Christmas. Then get out the card stock and art supplies to make some cards! Fold cardstock rectangles in half to make a sturdy card. Decorate the cards by gluing these Christmas images and words to the card stock.

Why aren't we providing a recipe for rock candy on this page?

Too much sugar, Otto.
